EXPERIENCE

Director of Multimedia Production, Podcast Producer

June 2022 – Present

Reboot Partners | Remote

- Direct and execute technical production for the Reboot Chronicles podcast, including recording and editing.
- Publish episodes across distribution and social media services. Maintain production standards & brand styling.

Audio Visual Production Manager

Apr. 2021 – Present

Sodexo | Alexandria, VA

- Lead the production of audiovisual projects, events, and live streams that support the business priorities of the United States Patent and Trademark Office.
- Leverage features of live streaming and virtual meeting software to engage audiences of up to 1000.
- Operate video conferencing software, soundboards, cameras, and video switchers.
- Edit video recordings of events and manage organization and delivery of media.
- Provide technical support to presenters and attendees and incorporate stakeholder feedback.
- Created 3 reels from b-roll and voiceovers that were shown to attendees at a Sodexo company-wide virtual conference.

Audio Engineer and Video Editor

Apr. 2019 – Present

Freelance

- Edit videos to client specifications. Add titles, motion graphics, transitions, music, and color correction. Edit multi-camera shots and trim content for time. Mix audio and balance levels.
- Mix, edit, and master music, podcasts, and various audio files. Run live sound for concerts and events.
- Apply tools such as EQ, compression, and spectral noise reduction to achieve a professional sound.
- Clients include independent musicians, bands, churches, and small companies and venues.

Podcast Editor

Oct. 2021 – Sept. 2022

MarketScale | Remote

- Edited over 30 podcast episodes for MarketScale's original productions and clients in the B2B sector, including Intel.
- Editing process included assembling multiple video feeds, adjusting color balance, adding music, logo stings, transitions, and mixing and mastering audio to create a consistent final product.

Audio/Visual Technician

Jan. 2021 – Feb. 2021

Virginia House of Delegates | Richmond, VA

- Operated virtual webinars of the Virginia House of Delegate's 2021 session, using Zoom.
- Monitored public live stream and edited lower-third content.

Theater/AV Technician

Apr. 2019 – Oct. 2020

Westminster Canterbury Richmond | Richmond, VA

- Performed setup and strike for all concerts, musicals, meetings, and live streams in the 335-capacity Sara Belle November Theater. Mixed audio for front-of-house, monitors, and CCTV broadcast.
- Researched and implemented sound system improvements, and designed a mobile sound system for outdoor concerts.
- Organized and led meetings of resident committees to solicit suggestions for weekly movie programming.
- Occasionally operated stage lighting with an ETC Ion console. Performed maintenance on lights.
- Shot, narrated, and edited an instructional video to teach residents how to use a digital library checkout system.

Audio Engineer Jan. 2020 – Mar. 2020
The Camel | Richmond, VA

- Mixed front-of-house and monitors for concerts.

Audio Engineer Intern Jan. 2019 – Dec. 2019
The Broadberry | Richmond, VA

- Assisted the venue’s audio engineers with setup and sound mixing for concerts.

GIS Technician May 2018 – Apr. 2019
GeoDecisions | Richmond, VA

- Created, edited, and organized spatial data for several localities and organizations.
- Projects included standardizing street address data for E911 services, creating a database of water and sewer lines in Dinwiddie County, and capturing GPS points of headstones in National Veteran’s Cemeteries.
- Automated workflow tasks with custom Python scripts, and created documentation on how to utilize the scripts.

Crew Leader Summers of 2015 – 2017
Virginia State Parks Youth Conservation Corps | Various State Parks, VA

- Led and mentored teams of 10 high school students through conservation projects such as trail building and construction of children’s play areas in four Virginia State Parks.
- Worked with two other crew leaders to complete projects in a timely manner.
- Monitored behavior, promoted effective communication skills, and issued disciplinary action when needed.

Corps Member Oct. 2013 – Jul. 2014
AmeriCorps National Civilian Community Corps | Denver, CO

- Worked collaboratively as part of a 10-person team to address community issues and needs through 1,800 hours of national and community service.
- Projects included trail building, invasive species removal, and serving as teacher’s aide in Colorado, Arizona, and Oklahoma.

EDUCATION

Virginia Commonwealth University | Bachelor of Science in Environmental Studies May 2018

- Minor in Biology
- Honors: *cum laude*
